Module

Confidential Computing with Ma

Feb

Get introduced to enclave programming and system design.

Further Research on TPM enclaves.

Decide on technology stack and setup environment.

C1 Diagram

Install Intel SGX SDK with Visual Studio

Test Sample Enclave code.

What modules are inside the enclave?

C2 Diagram
Platform backend

Implement KNN as SGX App.

Mar

1. Deeper system design and point out the individual components .
2. init Documentation

April

Implementation

Machine Learning using Intel SGX
